About Us

Shield Line USA was formed in 2011 by a team of professionals with over 150 years of experience in developing and marketing medical disposable products. These products now number over 1,000 SKUs and have created tremendous value for healthcare professionals throughout the world.

Shield Line has over 500 distributor partners delivering its products to healthcare providers in over 50 countries.

As an FDA Establishment Registered Company, Shield Line exercises stringent quality requirements for its various manufacturing partners located in the following countries: USA, Canada, India, Turkey, Malaysia, Taiwan, China, Thailand and Mexico.

Shield Line has entered into numerous Private Label agreements and can offer this service for its entire product line.

Our top-notch Regulatory Department is continually monitoring compliance to our standards. All factories and products have complete FDA approvals before being packed in ours and our customers boxes. Product quality and customer satisfaction is our number one priority!

Our Customer Service Staff and Sales Representatives are anxious to receive your call and it will be our pleasure to satisfy your and your customer's disposable medical product needs!

Shield Line Nitrile Gloves

Shield Line Nitrile Gloves are made from 100% Nitrile, advanced non latex formulation. Tactile sensitivity is ensured due to their superior puncture resistance and durability. The gloves are smooth, ambidextrous and versatile for various applications.

Nitrile Gloves - Medical Examination

Our Nitrile Medical Examination gloves are our most popular non-latex product. Made from a synthetic polymer, these gloves don't contain any protein so they are less likely to cause irritation and allergic reactions. They also provide softness, sensitivity, feel and flexibility. The nitrile material reacts to your body temperature and conforms to the shape of your hand, making them exceptionally snug.

Maternity Pads

- Extra absorbent, thick and comfortable, MedPride postpartum pads are just what woman needs during those after-birth days when her body still cleanses itself.
- MedPride maternity pads feature a dense and ultra-absorbent core that instantly catches and traps any liquids to keep you feeling dry and comfortable for hours. The leakproof backing also prevents leaking and stains for mess-free wear. Just what busy new mommies need.
- Made of the highest quality, skin-friendly materials, MedPride latex-free birth recovery pads feel ultra soft against delicate skin to care even for women who had a natural delivery or a C-section. They also come with a durable sticker for firm placement that ensures the maxi pad will stay in place.

Dry Washcloths

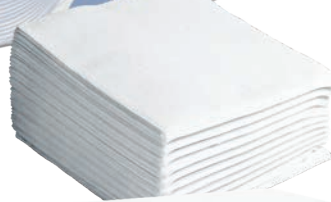

- Highly Absorbent and silky soft to the touch. Created with resilient yet super gentle to the touch spun lace and air laid materials, the Medpride dry cleansing cloths are highly absorbent & soft. Created for multipurpose use, our cleansing cloths are an essential to all households.
- An ideal choice that can be used for incontinence care, skin cleansing routines as you can apply cleansers, treatments and creams, makeup removal, cleaning of sensitive-to-scratches surfaces, pet care, baby wipe refills & personal care on the go.
- Easy to use. All you have to do is dampen the cloths with water or any skin treatment mix and they are ready to be used. Ideal for adults, elderly & babies / kids, you can place them in a dispenser and use them conveniently when it's time.

Platinum Personal Care Towels

- Perfect for home use, baby or senior care, healthcare personnel or beauticians, these premium quality dry, disposable paper wipes are the first choice for removing dirt, while treating your skin with excellent care. Gentle for sensitive skin, they can be used for a variety of purposes such as diaper changes, incontinence, bathing, face and body cleansing, removing of makeup and much more.
- Ultra soft and extra durable. Designed to cater for the needs of healthcare professionals, these non-moistened, personal care towels are super durable and ideal for use in nursing homes, schools, hospitals or senior centers. Ultra-soft and versatile, they are perfect for the sensitive skin of babies or fragile skin of seniors.
- Never dry out, easy to moisten. Made of premium quality, soft spun cotton, these disposable, non-flushable sanitary wipes are unscented and chemical-free without irritating the skin, even in the case of moisture-based skin conditions in bed-ridden patients.

Plaster of Paris Bandages

Made from natural materials, our gypsum bandages are non-toxic and gentle on the skin, ensuring safety as you craft.

Each roll comes pre-loaded with powdered plaster. Immerse the bandage in water, lay it onto your project, and mold it as desired.

Within 10-15 minutes, your casting solidifies and is ready for embellishing, coloring, or showcasing.

- Molds to every contour for a precise fit
- Very low wet or dry plaster loss for a creamy mold
- Features improved plaster formula for consistency
- Low exotherm
- Each roll individually wrapped
- Not Made with Natural Rubber Latex

Bio-Hazard Specimen Collection Bags & Sharps Containers

- Bio-Hazard Specimen Collection Bags
- Bio-Hazard Sharps Containers

Bio Hazard Specimen Collection Bags

MedPride® High quality Biohazard Specimen Bags are designed for the safe transportation of specimens and documentations. Each bag is printed with the biohazard symbol and offers checkmark boxes to indicate special handling instructions. Prominent red and black BIOHAZARD logo alerts others to handle or store carefully.

It ensures that the specimen integrity, or warn others not to touch potentially dangerous objects.

- Multipurpose
- 2 mil gauge polyethylene (PE) bags with 1.25 mil pouch
- Attached document compartment
- Zipper closure allows repeated access to specimen
- Imprinted with biohazard symbol
- Not Made with Natural Rubber Latex

Sharps Containers

REGULATED MEDICAL WASTE, n.o.s.

Sharps Waste Only UN 3291

Durable, puncture-resistant containers designed for the safe disposal of used medical needles and other medical instruments.

The lightweight containers feature wide openings that accommodate larger syringes and allow for horizontal drop to maximize container volume.

The translucent lid lets the user monitor content volume to avoid overfilling.

Choose from 1 & 5 Quart, 2 or 8 Gallon Sharps Containers.

- Designed to safely dispose of used medical needles and other sharps
- Crafted with puncture-resistant plastic for improved safety
- Transparent lid allows for visual monitoring of contents to avoid overfilling
- Wide openings allow for horizontal drop for maximum capacity to fill line
- Containers lock for final disposal
- Ideal for EMS, hospitals, nursing homes, clinics, and medical offices

Med**PRIDE** LABS

Petri Dishes

Manufactured under ISO 13485 management system

MedPride® Petri dishes are designed and produced under the highest quality standards for optimal performance and ease-of-use to offer excellent optical quality for healthy cells growth.

Stackable Petri Dishes: Recommended for standard microbiology or general laboratory use. Lids contain stacking rings for increased stability.

Slippable Petri Dishes: Designed for automated filling and streaking systems. With side arrows and ISO Mark Target for automation.

- Routine performance testing
- Uniform wall thickness ensures distortion-free bottom
- Flat growth surface & maximal transparency
- Allows excellent analysis
- Raised upper edge on the lid well matches the bottom to keep stacked dishes stable.
- Lid without vents

MPR-76051	15 mm x 90 mm	Slippable	25/20/cs

Sterile Non-Filter Sampling Bags with Flat-Wire Closures

MedPride® Sterile Non-Filter Sampling Bags are ideal for transportation and storage of solids, semisolids, and liquids for environmental and carcass sampling, biomedical and pharmaceutical research, quality assurance procedures, food industry applications, and clinical and veterinary medicine. Bags are made of highly resistant virgin polyethylene sterile tubing with no side seals. They feature a wire closure for an airtight seal, and wide-sealed bottoms for added leakproof protection.

To use, tear off perforated top, pull tabs to open bag, fill, grab ends of tape closure and pull shut, twirl bag three or four times to seal, and bend ends of closure inward to lock the seal.

- An economical and efficient way to collect, contain and carry samples
- Clear sample identification for organization and traceability
- Maximum protection against leaks
- Extreme film clarity and strength
- Highly resistant
- Sterile to avoid sample contamination
- Not Made with Natural Rubber Latex

STERILE ⚠ Sterile unless pouch is opened or damaged

⊗ Do Not Reuse

Reorder No:	Size	Packaging
MPR-94055	500 ml	2/500/cs

MPR-94059	5500 ml	2/100/cs

Sterile Filter Sampling Bags with Wire Closures

MedPride® Sterile Filter Bags have a third layer of finely perforated polyethylene that filters out solids in the sample.

The filter layer inside the bag is sealed into both sides and bottom perimeter, allowing the sample to be placed in the bag on either side. Liquids of a blended sample will transfer through the filter, while solids remain separate and contained. The hole diameter in the filter layer measures .33 mm (.013 inches), 330 microns, and there are 285 per square cm (1,840 per square inch).

- Economical and efficient way to collect, contain and carry liquid or solid samples
- Mouth reinforced by a wired band with integrated loop tabs
- Write-on area for easy labeling
- Leak-proof and airtight
- Sterile to avoid sample contamination
- Not Made with Natural Rubber Latex

AmeriDerm®

AmeriDerm® is a brand of Quality Skin care products manufactured by the Shield Line Company.

We have been manufacturing our skin care products for over 20 years. We manufacture our products according to strict GMP guidelines.

Our products include: soaps, lotions, shampoos, ointments and whirlpool-formulated additives and conditioners. Our products are subjected to a rigorous, multi-step, multi-phase quality control program that ensures the safety and comfort of your patients.

We will also private label any of AmeriDerm's skin care products. We'll manage your project from start to finish. Our dedicated staff will work with you to accommodate all your needs.

AmeriDerm® proudly manufactures items in the following categories:

- Lotions, Creams and Ointments
- Body Washes and Shampoos
- Wound Care
- Incontinence Care
- Antimicrobial Soaps and Sanitizing Gels
- Disinfectants and Deodorizers
