

NUTRIENT SYNERGY

OMEGA-3 EPA & DHA

Omega-3 EPA & DHA have synergistic anti-inflammatory effects that positively impact brain, joint, and cardiovascular health.

OMEGA-3s & ASTAXANTHIN

Omega-3s and Astaxanthin join up to fight inflammation with a one-two punch, while omega-3 EPA & DHA help to increase the absorption of Astaxanthin.

ASTAXANTHIN & DELTA-TOCOTRIENOL

Together, Astaxanthin and Delta-Tocotrienol, a special type of Vitamin E, form a powerhouse antioxidant team that protect your cells from oxidative stress.

OMEGA-3s & PHOSPHOLIPIDS

Phospholipids enhance the absorption of all the nutrients in AstaMatrix®, including Omega-3 EPA & DHA, which boosts their bioavailability and effectiveness.

Omega-3s have a significant role to play in the maintenance of your overall health and wellbeing. However, omega-3 supplements are not all created equal.

BioScience Formulators knows that for you to attain the full benefits omega-3s can provide, they need to be of exceptional quality, optimal quantity, and paired with other complementary nutrients.

When it comes to omega-3 efficacy, the source they come from matters. That's why our ultra-pure Omega-3 EPA & DHA come from microalgae, the original source of marine omega-3s.

Overwhelming your system with mega-doses of omega-3s can do more harm than good, as it creates an imbalance in your body. AstaMatrix® is formulated to nourish, replenish, and protect your body's cells with what they need to function at their best, and nothing extra.

Omega-3s provide the greatest health benefits when they interact with other nutrients, enzymes, and cofactors. This process is collectively known as nutrition synergy. The synergistic nutrients in AstaMatrix® allow for the formula to produce effects far greater than the sum of its parts so that you can achieve optimal health.

AstaMatrix® does not contain any milk, eggs, shellfish, peanuts, wheat, soy, or any genetically modified or artificial ingredients, preservatives, sweeteners, flavors, or colors. All of the nutrients in AstaMatrix® are sourced from various strains of microalgae and other botanical sources without the use of chemical solvents or heat. For quality assurance, our premium nutrients are extracted in facilities that are good manufacturing practices (GMP) certified, and third-party tested for heavy metals and other common contaminants.

Supplement Facts	
Serving Size 2 Softgels	
Servings Per Container 30	
Amount Per Serving	% Daily Value **
Calories	15
Total Fat	1 g 1%**
Saturated Fat	0 g
Polyunsaturated Fat	0.5 g <1%**
Monounsaturated Fat	0 g
Cholesterol	1 mg
Total Carbohydrate	1 g <1%**
Omega-3 Fatty Acids (from Algal Oil)	500 mg †
DHA (Docosahexaenoic Acid) 60% (300 mg)	
EPA (Eicosapentaenoic Acid) 30% (150 mg)	
Astaxanthin (AstaReal® <i>Haematococcus pluvialis</i>)	4 mg †
Tocotrienols (DeltaGold® from annatto)	40 mg †
Omega-5, 7 & 9 Superblend (from Pomegranate Seed Oil, Moringa Seed Oil and Sea Buckthorn Berry Oil)	50 mg †
Enhanced Phospholipid Delivery System	250 mg †
Sunflower Lecithin (contains 90 mg of phospholipids), D-Limonene and Glycerol Monooleate	
Proprietary Botanical Stability System™	60 mg †
Rosemary Extract and Coconut oil

How Astamatrix® Works

What Is AstaMatrix®?

AstaMatrix® is a cutting-edge, synergistic omega-3 super antioxidant formula, with whole-body health benefits that are unmatched by any stand-alone omega-3 supplement. AstaMatrix® is sustainably sourced exclusively from microalgae and other botanicals, making it the perfect vegan alternative to fish or krill oil-based omega-3 supplements.

What sets AstaMatrix® apart from other omega-3 supplements is that all of the nutrients in the formula interact synergistically, creating a powerhouse team that helps nourish, replenish, and protect your body at the cellular level. The unique synergistic blend of nutrients in AstaMatrix® includes 500mg of algae-derived omega-3 eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA), dietary phospholipids and the super antioxidants astaxanthin and delta-tocotrienol.

All of the synergistic nutrients in AstaMatrix® are carried to your cells via a lipid-based delivery system, ensuring that AstaMatrix® has the highest bioavailability possible, so your body easily absorbs it. The results are real health benefits, you can feel.

HARNESSING THE POWER OF PLANTS

Nourish

If you want to achieve optimal health, your body needs the proper balance of essential nutrients. That's why AstaMatrix® contains essential nutrients like omega-3 EPA & DHA and dietary phospholipids, which form the building blocks of your cells, and antioxidants like delta-tocotrienol which keep them working at their best.

Replenish

As you age, the nutrients your body needs naturally decline, leading to dysfunction and the first signs of age-related diseases. However, by replenishing your fatty acid and antioxidant stores daily with the high-quality nutrients in AstaMatrix®, you can slow the progression of aging.

Protect

Every day you are exposed to elements that can trigger states of oxidative stress and inflammation that can cause damage to your cells. With powerhouse antioxidants like astaxanthin and delta-tocotrienol, working alongside omega-3 EPA & DHA, AstaMatrix® protects your cells in multiple ways, breaking the cycle of cellular damage!

What Are The Health Benefits of AstaMatrix®?

- Supports Joint & Bone Health
- Promotes Optimal Brain Functioning
- Supports Cardiovascular Health
- Helps Maintain Healthy Triglyceride and Cholesterol Levels
- Promotes a Healthy Inflammatory Response
- Helps Protect and Maintain Healthy Skin
- Supports Overall Health & Wellbeing
